

PEARL RIDGE ELEMENTARY SCHOOL

ADA Program Accessibility Plan

In accordance with the Americans with Disabilities Act (“ADA”), Pearl Ridge Elementary School (“the school”) is committed to ensuring that individuals with disabilities are not denied an opportunity to participate in and benefit from any service, program, or activity, offered by the school. Individuals with disabilities are welcome to participate in and benefit from the events at our school. School officials wish to assist in making school events a memorable experience for all.

ACCESS TO SERVICES, PROGRAMS, AND ACTIVITIES

The School will make reasonable modifications in its policies, practices, and procedures when the modifications are necessary to ensure that services, programs, and activities provided by the school are readily accessible by individuals with disabilities. In choosing among methods to ensure that services, programs, and activities are readily accessible, the School will give priority consideration to these methods that will provide the services, programs, and activities. In the most integrated setting appropriate to the needs of individuals with disabilities.

NOTICE OF ADA ACCOMMODATION

1. Notice of Request for Accommodations
 - The School will provide notice of the availability of ADA access and accommodations in event registration forms, season schedules for school athletic events, and other school event announcements. This notice will include the International Symbol of Accessibility (“ISA”), contact information, and language concerning ADA access and accommodations. It will also direct individuals with disabilities to the appropriate office where they can request accommodations.
2. SIGNAGE
 - The School will work towards providing signage identifying accessible facilities.

FACILITIES ACCESS

The School has elected to take steps to modify its existing facilities through additional barrier removal, so that individuals may have more access to school facilities. The school has a transitional plan, which outlines the physical barriers with cost estimates. The Department of Education’s (“DOE’s”) Facilities Branch is in possession of the transitional plan. These additional structural modifications are accomplished in compliance with the Americans with Disabilities Act Accessibility Guidelines for Buildings and Facilities (“ADAAG”). The School will work to build a transition plan for any newly identified improvements, when proposed and when it will benefit students with disabilities, and in accordance with ADAAG.
